

1. Go to the Facebook Developer Portal at [developers.facebook.com/tools/explorer/](https://developers.facebook.com/tools/explorer/).
2. When inside the Graph API Explorer tool, select your app from the top right dropdown.
3. Click on “Get Token” and choose “Get Page Access Token”.

The screenshot shows the 'Access Token' section of the Facebook Graph API Explorer. At the top is a text input field labeled 'Access Token' with a copy icon to its right. Below this is a blue button labeled 'Generate Access Token'. Underneath is a dropdown menu for 'Meta App' with 'Kosmocar DEV' selected. Below that is a dropdown menu for 'User or Page' with 'Get Token' selected. A search bar with the placeholder text 'Search for an Available Page Access Token' is present. Below the search bar are three options: 'Get User Access Token', 'Get App Token', and 'Get Page Access Token', which is highlighted in yellow. At the bottom is a dropdown menu labeled 'Add a Permission'.

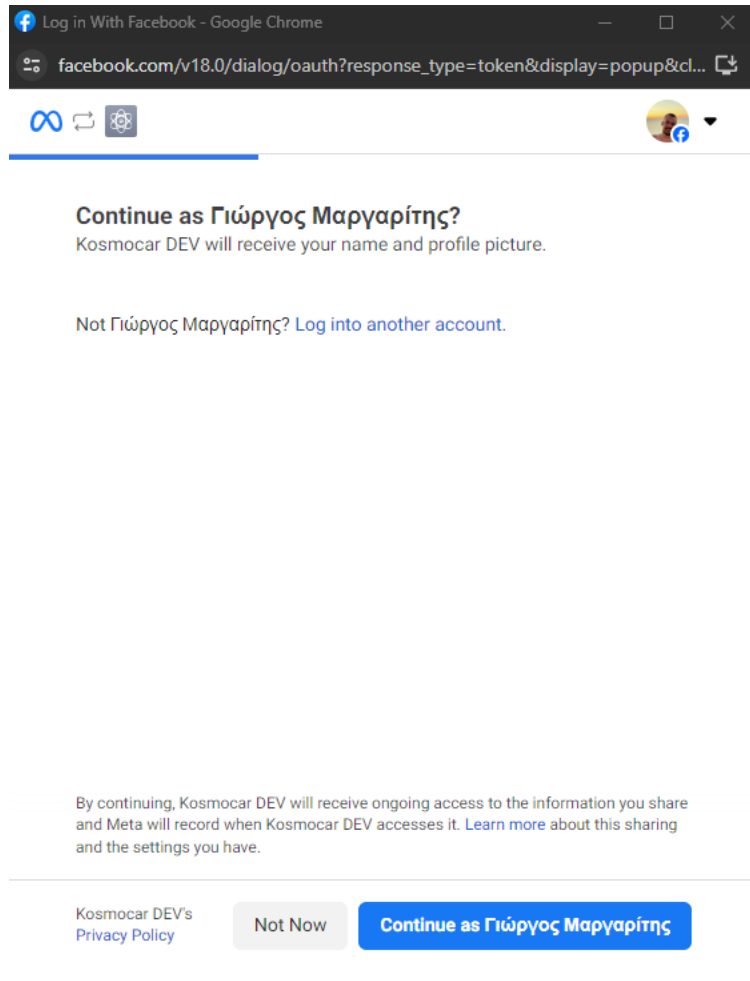

4. Choose the **pages\_manage\_metadata**, **pages\_show\_list**, **leads\_retrieval** permissions.

The screenshot shows the 'Permissions' tab of the Facebook Graph API Explorer. At the top is the 'Access Token' section with a text input field labeled 'Access Token' and a copy icon to its right. Below this is a blue button labeled 'Generate Access Token'. Underneath is a dropdown menu for 'Meta App' with 'Kosmocar DEV' selected. Below that is a dropdown menu for 'User or Page' with 'Get Token' selected. Below these are two tabs: 'Permissions' (active) and 'Configurations'. Under the 'Permissions' tab, there is a section titled 'Permissions' with a list of three permissions: 'pages\_manage\_metadata', 'pages\_show\_list', and 'leads\_retrieval', each preceded by a red 'X' icon. Below the list is a text input field labeled 'Add a Permission'. At the bottom is a dropdown menu labeled '3 options selected'.

5. By clicking Generate Access Token you will be redirected for a facebook login.

6. Click “Continue as ...”

7. Select all the pages and click continue.

8. Review the permissions with clicking save.

The screenshot shows a web browser window with the title "Log in With Facebook - Google Chrome". The address bar displays the URL "facebook.com/v18.0/dialog/oauth?response\_type=token&display=popup&cl...". The page content is titled "Review what Kosmocar DEV is requesting permission to do". It lists three permissions: "Access leads for your Pages" (3 Pages selected), "Manage accounts, settings, and webhooks for a Page" (3 Pages selected), and "Show a list of the Pages you manage" (3 Pages selected). At the bottom, there is a link to "Kosmocar DEV's Privacy Policy" and two buttons: "Back" and "Save".
